PAGE 7: Community Character

Q29: What 3 words or phrases describe the community character (culture; social, political, etc. environment/feeling) of the Town of Knox?

- | | |
|----|--|
| 1. | rural, country community, a "hill town" - not part of suburbs - "off the hill" |
| 2. | caring community, involved in helping each other |
| 3. | independent people, self-reliant |

Q30: Should the Town be involved in preserving the community character of Knox?

Yes (please continue to questions # 31 & 32)

Q31: If Yes to Question 30, Should Knox use these zoning and other measures, with public input?

Allow smaller lots in Hamlet for traditional residential development	Yes
Promote stewardship of large trees, stone walls, other attractive features	Yes
Promote Home Occupation "Cottage Industries" throughout the Town	Yes
Intermingle low impact businesses and residences throughout the Town	No
Expand areas zoned for mixed residential, business & light industrial development	No

Develop standards for the exterior design of new residential buildings	Neutral
Regulate artificial light that extends onto other properties	Yes
Regulate noise that extends onto other properties	Yes
Regulate and limit industrial development and heavy truck traffic	Yes
Other (please specify)	Want regulation that protects residents, but not over-regulation. No light industry except for very light home (cottage) industries. Allow closer set-backs from road for residential buildings to preserve open/forested space

Q32: If Yes to Question 30, Should Knox use these zoning and other measures, with public input?

Support Hamlet beautification	Yes, but NOT with Tax \$
Create a fund for land conservation	Yes, OK to use Tax \$
Develop wildlife/greenway corridors to promote wildlife	Yes, OK to use Tax \$

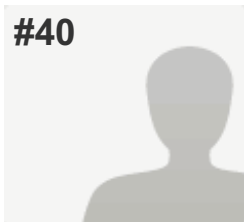

Q33: What types of residential development would you like to see more of in Knox?

Residential development designed to protect open spaces (clustered subdivision)	No
Duplexes (two roughly equal units in one building)	No

Small single family homes with less than 1,000 square feet of living space	Yes
Senior citizen housing developments with community facilities	Neutral
Assisted living and continuous care facilities	Neutral
Combined residential and commercial buildings	Neutral
Other types of residential development (please specify)	Choices above should protect rural character of Knox. Only carefully regulated, designed and located senior/assisted living facility (having only one is sufficient), larger lots for homes when possible, but with closer setbacks from roads to preserve open/wooded space, regulate new roads so development of wild spaces is minimized. If any developments occur, require cluster development to preserve open/forested spaces

Q34: Should these energy sources be promoted in Knox?

Small wind turbines for home or farm use (up to 125 feet tall)	Yes
Large wind turbines for farm or local business use (over 125 feet tall)	Neutral

PAGE 7: Community Character

Q29: What 3 words or phrases describe the community character (culture; social, political, etc. environment/feeling) of the Town of Knox?

1. residents are trying hard to create a community...
2. town government is trying hard to keep that from happening
3. term limits would help, a lot!

Q30: Should the Town be involved in preserving the community character of Knox?

Yes (please continue to questions # 31 & 32)

Q31: If Yes to Question 30, Should Knox use these zoning and other measures, with public input?

Allow smaller lots in Hamlet for traditional residential development	Yes
Promote stewardship of large trees, stone walls, other attractive features	No

Regulate noise that extends onto other properties	No
Regulate and limit industrial development and heavy truck traffic	Yes
Other (please specify)	The lighting ordinance is a joke, as is the noise ordinance. We live in the country there will be noise and unpleasant smells, tell complainers to get over it or leave.

Q32: If Yes to Question 30, Should Knox use these zoning and other measures, with public input?

Support Hamlet beautification	Yes, OK to use Tax \$
Create a fund for land conservation	Yes, OK to use Tax \$
Develop wildlife/greenway corridors to promote wildlife	Yes, OK to use Tax \$
Other (please specify)	I support all these things, however, am apprehensive about the current town government participating. They are too controlling and self serving.

Q32: If Yes to Question 30, Should Knox use these zoning and other measures, with public input?

Support Hamlet beautification	Yes, but NOT with Tax \$
Create a fund for land conservation	Yes, but NOT with Tax \$
Develop wildlife/greenway corridors to promote wildlife	Neutral

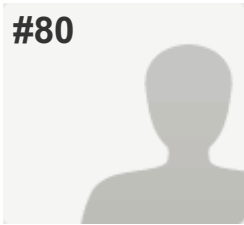

Q33: What types of residential development would you like to see more of in Knox?

Residential development designed to protect open spaces (clustered subdivision)	No
Duplexes (two roughly equal units in one building)	Neutral
In-law apartments	Yes
Small (3-6 unit) apartment buildings	No
Large (over 6 units) apartment buildings	No
Single family homes on 3-10 acre parcels	Yes

Small single family homes with less than 1,000 square feet of living space	Neutral
Senior citizen housing developments with community facilities	Yes
Assisted living and continuous care facilities	Yes
Combined residential and commercial buildings	Neutral
Other types of residential development (please specify)	<p>Clustered subdivisions? Great way to get rid of open farmland. New Jersey was built on this idea. The subdivisions would be surrounded by open land. Unfortunately in most areas the open land disappeared into more profitable subdivisions (either to make the developers wealthy or to increase the tax base to "support" more government spending). New Jersey too much of a stretch to imagine? Try looking at Delamr. You can find plenty of clustered subdivisions on what was once open farmland. You'll keep the character of Knox by keeping large lots for homes and businesses. Want to build a 950 foot square house on 15 acres? Why would that be a problem? Want to build 50 homes on 15 acres? You'll need city water and city sewers to start. And probably more classroom space, etc. Not only changes the character of the Town, but gets expensive.</p>

Q34: Should these energy sources be promoted in Knox?
